

September 15, 2009

Dear Mr. York,

My name is Dolores Bodendieck and I live at 730 South Clinton
Street New Athens, Illinois 62264-1710

I want to take this opportunity to let you know the fine
job that was done on my apartment.

The men who did the work were always courteous and friendly.
Each had their special job to do and they all worked together
well.

I especially liked the way they kept the area clean. At the end of
the day everything was cleaned up and ANY WORK RELATED items
were neatly put out of the way.

The workers were very professional in the way they conducted
themselves, not loud and I not one time heard any profanity
and they worked steadily.

Jimmy should be proud of his team of workers. He worked along side
his men where needed.

I have the highest regard for these workers.

I would also like to thank you and the Housing Authority
for the work done. It is really making our homes something
to be proud of. THANK YOU ALL/

Please extend my thanks to Jimmy & his fine crew.

Sincerely,

P.S. The painter was very courteous also and did a great
job of painting, I was gone to volunteer when he did my
side and everything was in place when I returned and
looked as I left it.
